### SCI, SSCI ve AHCI İndekslerine Giren Dergilerde Yayınlanan Makaleler

- Electrochemical Determination of Anti-Cancer Drug Dabrafenib with High Sensitivity Using Multi-Walled Carbon Nano Tubes Modified Glassy Carbon Electrode**  
Mete C., Talay Pınar P.  
ChemistrySelect, cilt.9, sa.23, 2024 (SCI-Expanded)

### Diğer Dergilerde Yayınlanan Makaleler

- Development of a novel electrochemical method for the quantitative analysis of vandetanib in the presence of anionic surfactant utilizing a bare carbon paste electrode**  
Talay Pınar P., Mete C., Şentürk Z.  
Journal of Research in Pharmacy, cilt.28, sa.4, ss.1010-1021, 2024 (ESCI)
